Commercials are always full of the newest facial products that are often very costly and don't work.

The packs dissolve completely so there is nothing left to clean up.

I would prefer natural ways as I don't want to have to take meds.

I really like how long the Dry Idea works for protection from odors.

So for me a gel was great to try, even though there are some solid form deodorants that are great.

No roughness to the gel, like some cleansers have.

a bit quiet around here lately, but it is about to get busy.

I'm the one who runs the dryer a couple of extra rounds when I don't feel like folding it and putting it away:) That way it doesn't get wrinkled from just sitting there.

If you are in Canada please check this page to order your sample pack.

Disclosure- Dry Idea provided a free sample of their Advanced Dry Roll-On so I could review them.
