I recently had the opportunity to try out some samples of derma e products.  
It has no dyes or perfumes It is the #1 recommended by dermatologists for sensitive skin.  
What are some items that you loved during pregnancy? I know there are a lot  
I was really excited to try out the new Dry Idea in the clear gel form.  
The roll on is of course easy to use.  
YES! That's right.  
I just pour until it looks like the right amount for what I need done.
