Disclosure- Dry Idea provided a free sample of their Advanced Dry Roll-On so I could review them. I'm the one who runs the dryer a couple of extra rounds when I don't feel like folding it and putting it away:) That way it doesn't get wrinkled from just sitting there.

No roughness to the gel, like some cleansers have.
One of the most important things to me is how long it lasts.
I really like how long the Dry Idea works for protection from odors.
;) I also really love the microdermabrasion scrub.
I would prefer natural ways as I don't want to have to take meds.
It's unbelievable and brings me to tears just thinking about it.
Commercials are always full of the newest facial products that are often very costly and don't work.
